A. Accomplished Activities

Date : January 26 to 27, 2024

Nature of Activity : Hardware Setup

I was tasked to undergo the initial orientation for the OJT program. We performed hands-on activities in assembling and disassembling computers. We also completed a practical exam focused on hardware identification.

Task / Assignment Received From
Mr. JEFF CANTOS DE GUZMAN

Remarks / Signature

Date : January 28, 2024

Nature of Activity :

We were tasked to assist in the new orientation of the new work immersion batch from SHS - we guided them on how we were taught. I also did learn how reformat, install OS, and install softwares. Also, performed networking and cable managements.

Task / Assignment Received From
Mr. JEFF CANTOS DE GUZMAN

Remarks / Signature

Date: January 29, 2016

Nature of Activity: PC Setup, Designing, wireframe

We were tasked to configure our designated workstation for coding and development used. I was also introduced to a new supervisor: Ma'am Gerlie, who will be mentoring us on the coding side. My primary output for the day, involved designing the website enhancement proposal, like creating design layouts and wireframes.

Task / Assignment Received From
Ma'am Gerlie

Date: January 30, 2016

Nature of Activity: Designing Marketing Materials, Website Design Proposal

I was tasked to design digital marketing materials for the organizations website and face book page. I focused on finalizing the website design proposal.

Task / Assignment Received From
Ma'am Gerlie

Remarks / Signature

**University of
Batangas**COLLEGE OF INFORMATION
& COMMUNICATIONS
TECHNOLOGY**B. Knowledge / skills gained and or Difficulties Encountered for the Period:**

During the 1st week of duty, I gained comprehensive hands-on experience in both technical and creative design. I also developed practical skills in computer component identification, which I reinforced by assisting in the orientation. I also learned the procedures for reformatting computers, installing OS, and setting up office networks, UI/UX design, wireframes and marketing materials. I learned to adapt to different supervision styles under both hardware & software.
